What Is Essential And What Ain't? Your Guess Is As Good As Ours

DYNAMIC! That's the word it takes to describe this fellow Johnson who is holding a two weeks revival meeting at the Pahokee Methodist church.

If you haven't been to hear him—I suggest that you go tonight. Then, in all probability, you'll be there again tomorrow night.

He's intellectual! He's spiritual! He's enthralling! At times he tosses aside the dignity you expect to find in a pulpit. This, however, is not the point. I thought him—mind to drive home a point. A point which is always vital to the message he is putting over.

If you attend his meetings—*THI* guarantees you one thing—during the hour you spend in God's house you'll forget completely the cares and responsibilities which have erased completely from your mind—for that hour—all thought of tragedies and worries that come with a worldly existence.

In the quarter of a century that I have been chronicling the comings and goings of evangelistic meetings, I've never been able to go hog wild over any of them. I've always lived in communities where there were excellent churches headed by capable pastors. But, even the most zealous pastor, the best of churches need a bit of fire. The congregations need a little umph to prod them into getting out of their lethargy.

And to say that Rev. Ralph E. Johnson is giving the Pahokee community a little "unusual prod" and a "shot in the arm" is putting it mildly. He is presenting the Good News. He is preaching Gospel hymns. He's leading the young people in a special training course. He's doing a splendid work.

Just so long as he sticks to the Gospel and preaches it as it is written in the Book—then, it is recommended to you as one you'll enjoy hearing.

Woman's Club Changes Hour Of Meeting

Members of the Pahokee Woman's Club at a meeting in the clubhouse Tuesday night voted to change the time of their regular meetings and in the future will hold luncheon meetings at Margaret's restaurant on the second and fourth Tuesdays of each month at 12 noon. The business will be transacted and planned programs will be conducted at these luncheon meetings.

It was voted that the 50 people who were unable to obtain fluoroscope examinations when the State mobile unit was at the Pahokee school last fall be honored in the new year. Getha Givens, where they were fluoroscoped. Club members furnished transportation for these children and accompanied them to the hospital.

Mrs. Kate Cross and Mrs. Paul Smith were received as new members. Mrs. C. J. Vaughn, the president who presided at the business appointment, said: "Our defense chairman, the man chairman reported that the Club's salvage drive for silk stockings had netted \$310 in cash and enough money had been given to meet our payments. It is the intention of the committee to collect these pledges and have the clubhouse free from debt by the first of December."

Farm Values Show Upward Trend

COLUMBIA, S. C., Jan. 14 (FNS)—The farm real estate market shows much improvement, according to the Farm Credit Administration. For the first time since 1934 the Federal Land Banks holding less than \$100,000,000 of farms and approximately 10 percent of all property held for sale during the first half of this year were sold.

Another indication of improved farm real estate market is the significant increase in farm values which recent loans have been made. Three-fourths of such loans were made on increased valuations.

These farm values reflect this national trend and good farm prices throughout the state show a definite increase value with ten percent of prospective buyers growing.

Farm real estate sales, states A. G. Black, governor of the Farm Credit Administration, reflects not a great boom but a steady upward trend. Tenders were ranging from \$2,000 to \$4,000 per acre, depending upon the location. The car was damaged at the time of the accident.

Five cents isn't much, but it will place a Testiment in the hands of some soldier or sailor to whom you can give him.

One dollar will pay for six such gifts. If you want to help in this worthwhile effort, simply send \$1 to Home A. Jackson, Service Men's Fund, Room 201, Box 251, Tampa, Fla. Governor George F. Holland has placed his full endorsement on the movement, which is sponsored by the American Bible Society, and urges your support.

CANAL POINT, PALM BEACH COUNTY, FLORIDA, FRIDAY, JANUARY 15, 1943

"The Truly Distinguished Mind Prefers The Provinces"

YOU'RE INVITED TO HEAR HIM!

Rev. Ralph E. Johnson, who is conducting a revival meeting at the Pahokee Methodist church. Since opening of the special services on Sunday night, the church has been filled to capacity to hear this interesting speaker. Special music is rendered at each service.

Migrant Needs Are Discussed

Members of the Everglades

Committee of Home Missions

and Mrs. N. L. Alexander of Pamlico County, N.C., members of the Florida State Migrant Committee, at the Everglades Christian Center in Pahokee Friday afternoon discussed plans in order to determine the needs of migrant families.

Representatives of the various

churches and Pahokee Baptist Church, made a motion that the

major portion of the Lions and

Rotarians be present at the

meeting.

Mrs. Leary L. van Ronk, supervisor of Home Missions Council in the Glades, and Mrs. Alexander, gave a report on what progress might be

achieved successfully in the Glades.

More adequate child care, the de-

velopment of more nurseries and

aid to needy migrant families

in agricultural work were dis-

cussed.

Mrs. Leary L. van Ronk, super-

visor of the Glades, and Miss Eliza-

beth Carter, pastor of "Chris-

tian Witnessing Today,"

Mrs. Griffith Gillis and Mrs. Con-

nell gave interesting reviews of

the work of Rev. Dr. James Bush Brock of London, England who is president of the world Baptist Alliance.

The program was concluded

with a singing of "We Are A Peo-

ple of Blessing," given by Mrs.

C. A. Mohberg, accompanied at the piano by Mrs. George Lovett, Mrs. W. J. Key, Mrs. J. C. Mock, Mrs. Jim Upton and Mrs. Grimes, who also present at the meeting.

There is also a minister now serv-

ing the Glades, who is included in the Glades staff.

Prior to the meeting Mrs. C. M.

Todd, chairman of the local com-

mittee, and Mrs. Van Ronk enter-

tained Mr. Alexander and Mrs.

Mohberg, Keay and Rulon of Fort Lauderdale at a luncheon.

NAZARENE WOMEN MEET

Members of the Nazarene Women's Foreign Missionary Society met at the church Monday afternoons with Mrs. C. Mack Todd in the organ loft. The meeting opened with a singing of "Two Seeds of God to the Earth," was given by Mrs. Ernest Pitts.

Another indication of improved

farm real estate market is the ap-

pearance of new farms which

recent loans have been made.

Three-fourths of such loans

were made on increased valua-

tions.

These farm values reflect this

national trend and good farm

prices throughout the state show

a definite increase in value with

ten percent of prospective

buyers growing.

Farm real estate sales, states A.

G. Black, governor of the Farm

Credit Administration, reflects not

a great boom but a steady up-

ward trend.

The farming deal on the shores of the Everglades is hot.

That's the way production is

held when the prices remain above the average.

Good crops bring premium prices during the winter. Some sold for \$25 to \$30 per ton. Valentine's Day, Mr. Tillis received a severe cut on the head and was knocked unconscious but was able to hold his own in the courtroom at the town's Bazaar on Monday. It was raining at the time of the accident. The car was badly damaged.

Lions & Rotarians Held Annual Inter Club Meet Tuesday

Jimmy Owens And Rev. Ralph E. Johnson Furnish Program

Members of the Pahokee Lions

club and members of the Pahokee

Rotary club met together Tuesday

at noon in the Woman's club build-

ing for their annual inter-club

meeting. Rupert Mock, presi-

dent of the Lions, presided over

the meeting and introduced Mr.

George Belk, who was in charge

of the program for the day.

The varied program was one of

interest and importance to all.

DOUBLE DARE

The biggest laugh in "This is the Army," Irving Berlin's soldier show, is won by a private who, berated by his superior officer, points to his undustered sleeve and says, "Go ahead and break me. Make me a civilian!"—Boston Globe.

SELF-ESTEEM

The sergeant strode into the squad room. "All right, you blankety-blank lazy apes, all out!" he exclaimed.

The soldiers grabbed their hats and swarmed out—all but one who continued to lie on his bunk blowing smoke rings. "Well?" roared the sergeant.

"Well?" remarked the rookie, "there were a lot of them, weren't there?"

CONFIRMED

Two recruits from Ellerton, N. J., were assigned to a camp in California. On their first Saturday's leave they were gazing out across the vast expanse of the Pacific Ocean when one of them said: "We here in the South Pacific ocean is over twice as big as the Atlantic."

The second one shaded his eyes and scanned the empty waters diligently. After a moment he spoke. "It sure is," he said.

AIR FORCE RAILROAD

Selbyfield field in Michigan has a transportation service for soldiers which is unique at army stations. It's a two-car train operated on army tracks handling Selbyfield field personnel to and from Mount Clemens, six miles away. No fares are charged and the hours of departure vary. The men, mostly carpenters, were reconditioned with the assistance of expert carmen from the Grand Trunk Western railroad shops—Collier County News.

HIS FINISH NEAR

Just when in 1945 will the war end in a United Nations victory? We can argue along two lines. The last world war started in the first week of August, 1914, and ended in the second week of November, 1918, roughly four years, three and a half months. Hitler started this war on Sept. 1, 1939, and his end should come some time around Dec. 15 this year.

The second method of reckoning takes

note that America last time entered the war on April 6, 1917, and the Armistice came, roughly, 19 months later. By this precedent Hitler's finish, 19 months after Pearl Harbor, should be scheduled for the middle of next July.

The actual decision is both cases will come in the early part of August, 1918, roughly four years after the outbreak of the war, that the Australians before Amiens broke the German line and the German high command knew the war was lost.—New York Times.

WHY THE DELAY

The tale has been told of a storekeeper who took out a whopping fire insurance policy on his stock. And the very same day his store burned to the ground, and not a dime's worth of merchandise was saved.

The president of the insurance company put his best men on the case, but two weeks of diligent investigation proved nothing.

Therefore the storekeeper, who had wired out a letter to the ex-storekeeper:

"Dear Sir: You took out an insurance policy with our company at 11 a. m., and your store did not catch fire until 4:30 p. m. of the same day. Will you kindly explain the delay?"—Lake City Reporter.

FAR-FLUNG TINS

Now all the canned food taken out of civilian uses goes to our fighting men. A big part goes to our lend-lease customers. For the native population in North Africa the novelty may be in the particular shape of the latest American tin can—the standard cylindrical container for fruit juice or salmon.

But the tin can in itself is no stranger to the major Allies and it still may now be several generations since the American kerosene can penetrated the darkest spots of the darkest continents. After serving its original purpose the tall and squarely-shouldered oil can has been turned to a great many purposes. Travelers in Arabia or Polynesia have reported our tin cans as almost the only containers available. They have been used for primitive huts, and for various housekeeping purposes inside the hut. They have been used for ovens and for baths. Oriental water carriers peddling their goods from door to door often carry their wares in old kerosene cans.

Years before the war an American pilot in Greece found a tin can of the American soup, in Mount Parthenon, near Delphi, safely chucked up into mud and rubble. He did a little plough dredging and his goodness was complete when he espied an old Standard Oil can in the bushes nearby. It made a fine conduit for the sacred waters that Apollo and the Muses used to drink.—New York Times.

THE EVERGLADES NEWS, CANAL POINT, FLORIDA**TOO LATE TO CLASSIFY**

By Russell Kay

Advertising has gone to war like a lot of other things and while a large percentage of our national advertisers don't need to advertise in the old sense, as they have nothing to sell, most of them are continuing to do so, spending millions of dollars on newspaper messages to Mr. and Mrs. America, encouraging us to buy more bonds, get in the scrap, increase production and so on.

If you fail to read the advertisements today you are missing some of the best reading America has to offer. As an example, I present the Nash-Kelvinator Corporation of Detroit.

It is entitled "Until I Come Back." It is a short story that would have been glad to run it for nothing—but Nash-Kelvinator paid for the space:

"UNTIL I COME BACK"

We're over 20,000 feet now (the coffee's frozen in the thermos and here's the Zep, Zeppelin below). We must be about across Holland.

Funny what happens to a fellow . . . Those are the same old stars and the same old moon that I left home under. I went off at last Christmas . . . and here I am flying 300 miles an hour in a bubble of glass, with ten tons of T. N. T. . .

Now . . . this isn't the way I imagined it at all, the day I enlisted. Don't get me wrong . . .

I sure was sore at the Japs and the Nazis . . . but mostly it was the Nazis. The Great Adventure.

Well, I know the real reasons . . . why I'm up here paying my first call on Hitler.

It's only when you get away from home that you find out what the so-called "real" about . . .

and what you're fighting for.

I learned that Czech chap in London. The refugees . . . the nice old ladies . . . the redoubtable Dad except for the maimed hands. I was dumb enough to ask about it. "I got that," he said.

"I'm writing 'a book' the Nazis didn't like."

Then there was the captured German pilot who screamed and spit when Izzy Jacobs offered him a cigarette . . . How do follows the fellow who rammed the Messerschmitt. After the funeral I learned what was coming next. Seems as how there was a statue in Warsaw who had been sent to a German Officers' Club.

I hope to hell Hitler's home to-night . . . light and wind are perfect.

Yes sir, I've met 'em on the dozens over here . . . guys warped by hate . . . guys who have had

**REVIVAL LEADER SEES
PEA PICKERS IN ACTION**

Rev. Ralph E. Johnson, who is conducting the revival at the Pakoheka, Methodist church, saw 150 colored pea pickers in action for the first time on Wednesday afternoon. Rev. Johnson, Rev. Joe Hutton and R. J. Simonson to the pea field on a truck and watched the picking process. Rev. C. A. Moberry and Rev. T. A. Ferguson also witnessed the operation.

**AIRACOBRA TESTED ON
SINCLAIR PENNSYLVANIA
MOTOR OIL**

When Bell Airacobras, deadly pursuit planes, are given the works on test flights their 1150 horsepower Allison engines are kept safely lubricated with Sinclair Pennsylvania Motor Oil—the same quality Sinclair Pennsylvania sold by your nearby Sinclair Dealer.

Now that your car must last longer, keep it safely lubricated with the same quality oil that protects the Airacobra's engine at 895 m.p.h. Have your Sinclair Dealer drain and refill your crankcase with Sinclair Pennsylvania Motor Oil every 1,000 miles. It lasts so long it saves money as well as your engine.

*Three Cheers for You
from Our Men in Uniform*

And Many Thanks from FLORIDA MOTOR LINES!

With Your Co-operation Florida Motor Lines Got 'Em Home for The Holidays!

Thanks to you, a most critical period in wartime bus transportation has been passed with flying colors.

Just before Christmas, Florida Motor Lines asked you to "Give your Holiday Trip to men in the service"—and you who have learned to depend upon Florida Motor Lines for your travel needs, responded!

As a result of your postponing such trips, thousands of men and women in uniform were able to go home by bus to spend precious hours with loved ones.

While helping members of the armed forces, you also made travel smoother and more convenient for war workers and others whose trips could not wait. It's cooperation like

this that makes it possible for Florida Motor Lines and other bus lines to carry on the tremendous mass-transportation job that is so completely essential to winning the war.

Now the holiday period is passed. Florida Motor Lines will make every effort to see that the service you count on is available when you need it—and with the utmost comfort and convenience that war conditions will permit.

We suggest, however, that you phone or call upon your nearest Florida Motor Lines agent well in advance of any trip. He can help you choose days and schedules that will be most convenient for you and best for wartime travel.

FLORIDA MOTOR LINES

What? No gas?

Yer, I'm back at work again. I doin' an awful lot for War Bonds. Help out boys. Don't forget—we're all supposed to be signed up for 10% by New Year's!

Farm Loans Give Growers Assistance

The Production Credit Association, which has a loan system as a part, is one of the agencies concerned with production. Mr. Waiz declared. Credit is of vital importance to many farmers in their attempt to meet crops they expect to grow year to aid in the nation's huge food-for-freedom program.

"Loans are made by the Production Credit Association to help farmers feed the purchase of livestock, machinery and equipment and for carrying on specialized operations, such as dairying, breeding and feeding of live cattle and hog operations," Mr. Waiz said. "Loans are made for any amount from \$50 up for sound production purposes, the amount depending upon the farmer's needs and ability to repay from the operation being financed."

Mr. Waiz stressed the fact that the rates of interest on production loans are charged only on the actual amount borrowed and paid for the time the money is in use. He gave dairymen as an example saying that they usually pay him points out that with this method, simpler, less complicated and easier engines could be designed and that the danger of fire is greatly reduced as there is no liquid gas.

During the marketing season, in all cases added, the repayment plan may be planned to fit the farmer's needs.

His Car Doesn't Need Carburetor

DELRAY BEACH, Jan. 14.—A new device which gives a mileage may be too important a problem for Mr. Ickes and the petroleum industry, it has only served to sharpen the mind of a Palmetto Beach dairy farmer who has developed a method whereby a carburetor may be eliminated in the operation of a gasoline engine, with the resultant elimination of heavy and noisy vibration, the result of the ration board limit they have imposed month old. Men returning from the United States must register with the ration board before 50 miles away.

The Delray Beach News reports that Mrs. Genton, local farmer, constructed a device which will save gas tank with absorbent material which completely absorbs the tank of liquid gasoline. When the engine is started, air is pulled through the filter and passes over the tank and taken with it vaporized gasoline. Thus air and gasoline vapor are mixed directly from the filter and the necessary carburetor is eliminated.

By the use of this method, Mr. Genton says he has doubled his mileage per gallon of gas, using his car, and has found that it has no vibration. He has told fellow club members, in appreciation of his long service to the organization. Cummings has served as secretary for 23 terms, believed to be a national record.

Florida, along with other southern states, will see a big expansion in her acreage of producing crops, especially peanuts according to Harry L. Brown, general agent of the Farm Credit Bank, whose headquarters are in Columbia, S. C. Other items of farm production can be looked for, he predicts, during the coming year.

Harry E. Cummings, Secretary of the Jacksonville Exchange Club was termed "The World's Best Secretary" last week and presented with a gold watch and chain by fellow club members, in appreciation of his long service to the organization. Cummings has served as secretary for 23 terms, believed to be a national record.

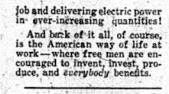

**Dont say
I didn't tell you!**

LUDVÍK VON HINDENBURG was a professional soldier with little basis for politics and little love for Hitler. In the paper he had to accept his defeat. Hitler, whom he had as Chancellor.

After the last war, the shrewd old Prussian put his finger on one prime reason for Germany's defeat: "America's brilliant war industry had entered the service of England... They understood war."

New history is repeating itself for Hindenburg's successor!

THE OLD JUDGE SAYS...

"A lot of storekeepers in town are wary—indeed, bracing to get themselves into jail these days. Judge, Men are mighty scarce and gettin' more all the time."

"I know. Even the big companies are having quite a job getting them. Yip, and I mean 'em too. The big-beverage distillers are having a hard time, I mean, I suppose. Though they're not making whisky any more, they're doing a fine day job of turning out alcohol for

gun powder and synthetic rubber for the war."

"Makes me think back to the days before repeal when a powerful number of people were making liquor, too...only they were a bunch of law-breaking criminals doing it behind closed doors. And the government was following a million dollar excise tax either. But still we've got a situation where a government could get all its alcohol today if it weren't for the beverage distillers!"

What You Buy With WAR BONDS

TODAY LAST DAY TO GET RATION BOOK NO. 1

If you plan to get Ration Book No. 1 to be issued within a few weeks, it is better to buy it now than you have Ration Book No. 1 in your possession. Today is the last day to secure Block No. 1. Members of the ration board have been told that it will be impossible for you to get one of the new books unless you have War Ration Books No. 1 after today—January 15—all new books will be issued by the ration board before they are issued the month old. Men returning from the United States must register with the ration board before 50 miles away.

The biggest field gun in the Army is the 160-mm. howitzer. It is transported on a trailer and is pulled into position by tractors. After it is rolled into place, its own wheels are removed and the Big Bertha is set into its emplacement ready to fire at its target some twenty miles away.

The cost of these huge guns runs into thousands of dollars but we can assure the Army of obtaining them by purchasing War Bonds. The general agent of the Farm Credit Bank, whose headquarters are in Columbia, S. C. Other items of farm production can be looked for, he predicts, during the coming year.

MRS. G. B. RAMSEY
Pahokee Phone 2082

Mrs. Olive Levinas, Mrs. I. S. Gurnee and Miss Marcia Jean Gutrie were business visitors in Miami last weekend.

Mrs. Portie Quinn, Palm Beach, is a guest here this week of her son-in-law and daughter, Mr. and Mrs. R. G. Johnson, Jr.

Mrs. M. A. Gay left Saturday for Miami where she will spend several weeks visiting her sons, C. and R. L. Gay and her son-in-law and daughter, Mr. and Mrs. Tom Clements.

Miss Teddy Sanderlin, Minn., is attending school here with the son of a guest of her brother-in-law & sister, Mr. and Mrs. Warren Rietz.

Sam McKinstry, Jr., has returned to Homestead after spending a furlough visiting relatives here and received his promotion immediately after returning to Camp Cook.

ing Tuesday and Wednesday here on business.

Mr. and Mrs. Sam McKinstry, Sr., Mrs. Eddie Rogers and Miss Johanna McElroy will spend the weekend in Miami with Mrs. McKinstry, Sr., will receive medical treatment.

Mrs. M. B. Baxter took her infant son, Benny, to West Palm Beach on Wednesday for medical treatment. She was accompanied by Mrs. Bobby McKinstry.

Lieut John T. Pickett of the U. S. Engineering Corps has been transferred from Camp Calbourne, La., to March Field, Calif.

Edwin Rice and Melvin Spooner, who discontinued their studies at the University of Florida recently to join the armed forces, enlisted

in the Navy on Saturday and are now awaiting call for active duty.

Mrs. J. F. Colson is ill at her home on Bacon Point Road.

Mrs. W. A. Howell was a business visitor in Miami on Thursday.

The Everglades Committee of the Home Missions Council will meet at the Christian Center in Miami on Saturday, Jan. 10, at 1:30 o'clock. All members of Belle Glade, Pahokee and Canal Point are urged to be present.

Melvin Spooner and Charles McQuigle entertained a group of friends with a dance at the Women's Club building on Friday evening. Seventy-five guests were present.

Mrs. Sam Idelson is visiting her son-in-law and daughter, Mr. and Mrs. Kenneth Michael. Mr. and Mrs. Brewster are former residents of Pahokee.

Mrs. Sam Idelson is visiting her son-in-law and daughter, Mr. and Mrs. Joe Kahn, here this week.

MISS MARY JEAN HANDLEY MARRIES EDDIE PETERS.

Of interest to the residents of this section is the announcement of the marriage of Miss Mary Jean Handley to Eddie Peters. The ceremony was performed Saturday, Jan. 9 at the Fort Myers Baptist church. They will make their home in Clewiston where Miss Handley has been employed as an airplane mechanic.

GREETINGS FROM FORMER CANAL POINT PASTOR

B. S. Waring, secretary to the pastor of the First Methodist Church in Eddie Peters, is the recipient of a Christmas card from Rev. M. O. Slawson, now a chaplain in the army and located somewhere in England. The card arrived this week. Rev. Slawson is an honorary member of the Rotary club.

RAND WILL PLAY AT PAHOKEE CAMP

Plans are complete for a concert by the Pahokee high school band at the recreational hall of the migratory camp near Pahokee Saturday morning at 10:30 o'clock. The speaker for the occasion will be Ellison French, member of the U. S. Employment Service, and County Supt. C. L. Lenard of the Pahokee High School. Principal Dennis Caudill will be among the school officials present. The public is invited to attend.

Frank Bass is serving on the federal jury in Miami this week.

The Victory Tax

On January 1, 1943 a new tax goes into effect--The Victory Tax

The Victory tax is a 5 per cent tax on what, in effect, is your gross income (excluding capital gains) \$624.00 per year, and less business and investment expenses, business losses, and alimony paid.

The Victory tax is collected at the source from salaries and wages (excluding agricultural labor, domestic help and casual labor.)

The EMPLOYER—on and after January 1, 1943 deducts the calculated 5 per cent from the employee and remits the tax to the government quarterly.

All other non-salaried taxpayers make their return in connection with their income tax when they file their return in 1944.

There are certain post-war refunds, and credits, to which the taxpayer is entitled, and it is well for him to familiarize himself with these provisions.

Tables below are for your convenience in withholding the tax:

For Weekly Payroll Period		For Semi-monthly Payroll Period		For Monthly Payroll Period	
If the wages are over	But not over	If the wages are over	But not over	If the wages are over	But not over
\$12	\$16	\$26	\$30	\$52	\$60
16	20	30	40	.40	.60
20	24	50	40	.90	100
